

25ARE471 Introduction to Generative AI

End-Semester Project
Presentation Template

Instructions:

- Follow the template and make sure sufficient content is available
 - No limitation on the number of slides
 - Focus on implementations and performance validation
 - List the various GenAI tools used and their usage
 - List the standard metrics or human eval used
-
- Name the slide deck as '25ARE471_Introd_to_GenAI_RegNo.pptx'
 - Deadline: 05-Sept-2026 (5:00 PM)
 - Deliverables: (1) Slide deck, (2) Presentation/Demo Video

Rubrics for End-Semester Project Review-I

Components	Marks
Problem Definition	2
Solution Formulation & Tools Usage	5
Challenge Identification	5
Presentation	3
Total	15

<Title of the Project>

Presented by,

<Name>

<Roll no.>

Motivation/Pain Points

The picture can't be displayed.

Problem Definition/Objectives

Solution Formulation

- <Must be a block diagram/flow chart>

Solution Formulation – Explanation

Traditional Workflow vs GenAI Workflow

Usage of Gen AI Tools

The picture can't be displayed.

Challenge Identification

- List the possible challenges identified in the implementation of the proposed solution
- List the possible mitigation or methodology to address these challenges
- Note: not all challenges need to be addressed

Evaluation Metrics

- How do you evaluate the working or performance of the solution?
- How do you quantify the solution's ability to address the challenges?

Evaluation Pattern

The picture can't be displayed.

Customization/Innovation Component(s)

- If any

Thank You!
